Recommendation Factors

Our steering committee researched and discussed each candidate. These recommendations are the result of that effort. **For more info on each candidate, please visit our website**

Travis Toner but running unopposed. Early version of campaign website indicated fringe Christian Nationalist positions on national issues, but provided little information on urgent Belmont or Belknap County issues.

Douglas Trottier Incumbent conservative and active Belknap County Sheriff's deputy, responsible voice in the County Delegation, and has supported efforts to stabilize the county budget. Consistently voted to fix the Gunstock chaos and support new leadership in 2022.

Don House Retired IT professional, second career in human services, now serving as president of Belknap House, a family shelter in Laconia. Working knowledge of the unhoused and the housing crisis in the County. Reasonable and responsible on county issues.

Lisa M. Freeman Former libertarian-leaning Manchester state rep, recently moved to Tilton, rated near the top of NH Liberty Alliance ratings in 2018, right below Norm Silber. Did not return our questionnaire on county issues.

Sheryl Anderson Sanbornton resident, retired New Hampton School employee, serves on Sanbornton supervisors of the checklist.

Bill Wright We remain neutral on incumbent Bill Wright

Michael Muzzey Former banker serving as county treasurer for over a decade without fuss or chaos. Reasonable and responsible track record.

Alan Glassman Conservative incumbent who returned as a write-in to fend off Norm Silber in Primary. Reasonable and responsible advisor to county residents in probate matters.
