**It's our mission to help our citizens make their own educated choices for reasonable, responsible candidates** who will be good stewards for our county budget, care for our elders and less fortunate residents, and protect our county's resources.

**Likewise, we are educating voters to avoid marginal candidates** such as fringe Free Staters, and extreme Libertarians, pretending to be Republican candidates.

It's our hope that voters can avoid being duped into electing candidates who have, or may create chaos in county institutions like county-owned Gunstock Mountain Resort and our county nursing home.

### Undeclared (Independent) Voters:

**You can make a difference!** You are allowed to pick up either a Republican or Democratic ballot and switch back to undeclared after voting. We strongly urge you to take a Republican ballot and follow the recommendations in this guide.
